Participation in the graduation ceremony is reserved for students who meet all requirements for a high school diploma or certificate of completion of studies. Requirements for the diploma include all credit requirements established by the Dover School Board and the State of New Hampshire. The Dover High School administration reserves the right to revoke the student privilege of participating in graduation exercises as part of a disciplinary measure. We believe that participation is a student privilege, not a right. Students with obligations for lab fees, lost books, sports uniforms/equipment, library materials, vandalism, class dues or other incurred costs may not be allowed to participate in the graduation exercises.
